Under the terms of the Electronic Signatures in Global and National Commerce Act, an electronic signature may be used in place of a written one. I understand that submitting my time in MyLeave constitutes an electronic signature. Further, I hereby agree that each time I electronically submit my time record in the MyLeave timekeeping system I am agreeing to the following statement:

I certify (1) The hours and minutes shown in MyLeave are a complete and accurate record of time worked each day and for the reporting period. All leave taken and/or overtime earned or taken as compensatory time was reported and approved by my supervisor. (2) The Speedtype identified in the HR system is appropriate to pay these hours, and the percentage of time attributed to each reflects the actual effort expended on the project(s) specific to the Speedtype listed. (3) Student employee is enrolled in the proper number of credit hours, pursuant to campus specific student employment guidelines.

I understand my job classification is eligible for overtime and/or compensatory time payment. These payments will be made at the rate of one and one-half times my hourly rate. I agree to work overtime or compensatory time **only** with advance approval of my supervisor. Failure to receive advance approval for overtime or compensatory time worked may result in a corrective or disciplinary action which may include termination of University employment.

I understand that logging into the MyLeave system using my campus ID and password uniquely identifies me to the system. I will not allow anyone else to use my campus ID, and will not intentionally disclose my password to anyone (except as required for official university business). I understand that allowing someone else to submit my time can result in a corrective or disciplinary action which may include termination of University employment.

This agreement shall remain in effect for the duration of my employment with the University of Colorado Colorado Springs.
